HESED HOUSE SEMINAR SERIES: LECTURE 2

The Strategic Dialogue: Rendering the Diagnostic Interview a Real Intervention

Presenter: **Professor Giorgio Nardone**

Date: **6th February 2009**

Venue: **Hilton Hotel, Kilmainham**

Professor Nardone will offer clinicians a highly practical conversational framework for co-constructing change in the very first session with clients presenting with a wide range of serious and intractable difficulties. Nardone's work offers a cutting edge method for conducting Brief Therapy with even the most challenging clients.

"Strategic Dialogue is a fine strategy by which one can achieve maximum results with minimum effort. The therapeutic power of strategic dialogue resides in guiding clients entrapped in their problems to come to discover the solution in a sort of natural and spontaneous evolution throughout the therapeutic conversation".
